NORSK-ENGELSK ORDBOK

TREDIE OMARBEIDÈDE UTGAVE

OSLO 1927

FORLAGT AV H. ASCHÉHOUG & CO.
(W. NYGAARD)

Printed in Norway.

DET MALLINGSKE BOGTRYKKERI.

Der skal sidde en Mand på den hvide Bred
som aldrig har løjet, ei mindste Kende.

Vi prajed en Fisker,
som drev for Vejret;
hej, Fisker, sig os
hvor ham vi finder!
Fiskeren tørred
de skumvåde Kinder:
Véd ej, var aldrig
så langt.

Holger Drachmann.

JOHN BRYNILDSEN,

født i Bergen 14de april 1852, filologisk kandidat 1875, lærer (fra 1876) og docent (fra 1892—1922) ved sjøkrigsskolen på Horten, død 29de okt. 1926.

«Arbeidet er altsaa den Lov som betinger Menneskets Liv i den Betydning, som Mennesket bør leve,» — så skrev den unge John Brynildsen da han gik i skolens øverste klasse. Og det program han således, om end vel uklart, synes at ha stillet sig allerede da, det fik han kraft og humør til at gjennomføre med en troskap som gik langt utover almindelige menneskelige mål. Derom vidner først og fremst hans verkers lange rad, fra de beskedne skolebøker opover til de solide og tildels helt staselige ordboksbind. Derom samstemmer også alle utsagn fra dem som stod ham nær. Det berettes fra paalidelig hold at han i 41 år ikke forsømte en time på sjøkrigsskolen. Hans eneste fravær gjennom hele embedstiden var, heter det, under og efter en operation.

Husker man så at han samtidig var aktivt med i politiske og andre foreninger, at han deltok i kommunale gjøremål, at han gjorde 6 studiereiser i utlandet, — så blir det litterære resultat av ledige stunders arbeide isandhet overvældende stort. «Men så brukte han også tiden», skriver en pårørende i et privatbrev, «alle eftermiddager, om aftenen til langt over midnat, søndag og hverdag, og alle ferier. Endog når han tok sine spasereturer utover landet — ved siden av sjøbad hans eneste adspredelse — hadde han en bok med for å ta sine utdrag mens han sat og hvilte».

Brynildsen er en av de store arbeidets helter i vor literatur. Vel har han isandhet fortjent den Olavsorden som i 1917 blev ham tildelt for «fortjenstfull lærervirksomhet», og end bedre vilde han ha fortjent den for sit litterære verk. Intet var så svært at det skræmte ham, ingen oppgave i hans vei så ubetydelig at han kunde la den ligge. Særlig i vore spredte forsøk på å skaffe klart forhold mellom norsk og de store kultursprog er derfor hans talentfulde innsats kommet til at bety mere end alle andres tilsammen.

Det ligger i sakens natur at ingen ordbok kan være fuldkommen. Brynildsens stadige «Tillæg og rettelser» er det ædlest vidnesbyrd om hvor høit han satte sine mål, hvor klart han så sine feil.

Men likeoverfor den imponerende slutsum blir alle indvendinger små, og tilbake står bare beundring og tak. Fædrelandet hadde i ham en udmerket og utrættelig tjener.

Der foreligger ingen samlet fortegnelse over docent Brynildsens skrifter. Men nedenstående liste indeholder det væsentlige, ordnet kronologisk efter førstentgaven:

Kortfattet Fransk Grammatik til Skolebrug, 1879 (2den utg. 1884).

Materialier til engelske Stile, 1880.

(Medarbeiderskab i) A. Larsen: Dansk-Norsk-Engelsk Ordbog, 1880 (delvis også i dens utg. av 1886).

(Medarbeiderskab i) Sundby og Barüel: Dansk-Norsk-Fransk Ordbog, 1883—84 (bogstaverne v og w).

Engelsk-Norsk Ordbog. Omarbeidet og forøget udgave av Rektor J. Geelmuydens Ordbog, 1884—86.

Kortfattet Norsk-Engelsk Sø-ordbog (Tillæg til «Norsk Tidsskrift for Søvæsen»), 1890.

Materialier til engelske Stile, II og III, 1892; ny utg. 1901.

Norsk-Engelsk Ordbog, 1892; 2den sterkt utvidede og helt omarbeidede utg. 1913—17; 3dje utvidede utg. (se forord) 1927.

Tysk-Norsk (Dansk) Ordbog, 1900.

Norsk-Tysk Ordsamling, 1901.

Tyske Gjenfortællinger, 1905.

Tyske Stile, I, 1905; 2den utg. 1913; 3dje utg. 1921.

Engelsk-Dansk-Norsk Ordbog. (For danskens vedk. gennemset af Johannes Magnussen. Udtalebet. af Otto Jespersen). 2 bd., (1900—) 1907. Forkortet utg. i 1910.

Franske Stile, 1914.

Tyske Stile, II, 1918.

Norsk-Tysk Ordbog, 1926.

Hertil kommer så mange artikler i dagspressen, væsentlig om sproglige, tildels også om politiske emner.

FORORD TIL 3^{DE} UTGAVE

Foreliggende utgave er helt utarbeidet i manuskript av forfatteren selv. Likeså har han besørget korrekturlæsning i for de første 60 arks vedkommende. Resten blev, efter hans død, overdraget undertegnede. Jeg har herunder fulgt det princip kun at foreta sådanne rettelser som jeg måtte gå ut fra at forfatteren selv vilde ha ønsket at gjøre. Da disse rettelser også har været meget få, fremtræder nærværende utgave helt som Brynildsens. Den indeholder en del tillæg og rettelser til 2den utgave av 1917.

Jeg tror at handle i avdødes ånd ved at bede rettet i art. **brisling**, 2den linje: «norsk.... *sardines*»; istedenfor dette skal der stå: norsk brisling *Norwegian brisling* (mens et engelsk firma bruker betegnelsen *skipper sardines* for det samme).
